

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Eric Sinn on November 20, 2009.

The application has been amended as follows:

In claim 1, line 3, the first occurrence of the word "of" has been deleted.

In claim 5, line 3, the term "and mutants thereof" has been deleted.

2. The following is an examiner's statement of reasons for allowance: Claim 1 and its dependents have been found to be allowable over the prior art. The method of claim 6 complies with the enablement requirement of 35 USC 112 because the bacterial strains recited in the claim are publicly available, as addressed in prosecution for US Patent No. 5,834,231 and US Patent No. 6,316,231.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
